

Instructions

For colour

with bleach

(off scalp & on scalp)

1. Mix your bleaching powder or crème with the developer. Add ReBond V3 in ratios of 6ml per 30g of bleach (1:5 ratio, not including the amount of developer).
2. Apply and develop as usual.
3. Rinse hair, shampoo and apply Balance Plus V3 (or Balance Plus PLATINUM if toning). Comb through and leave for 10 minutes before rinsing.
4. Finish with Elixir V3 and styling products.

Always mix your colour and developer before adding ReBond V3. Measure the amount of ReBond V3 based on colour/bleach only, not colour/bleach and developer.

Never use higher quantities of ReBond V3 than those indicated. Excess ReBond V3 may reduce the effectiveness of the bleach or hair colour.

as a treatment during a colour application

1. Dilute ReBond V3 1:10 with warm water in your Mistify spray bottle.
2. Spray thoroughly on any uncoloured areas, immediately after applying colour.
3. Rinse and shampoo once colour has developed.
4. Apply Balance Plus V3 (or Balance Plus PLATINUM if toning) for 10 minutes, then rinse.

For double or multiple applications, only leave Balance Plus V3 on for 5 minutes in between colours, but always leave Balance Plus V3 on for 10 minutes at the end.

If toning, use Balance Plus V3 in between colours for 5 minutes and use Balance Plus PLATINUM for 10 minutes at the end.

with tints (including high lift) and quasi-permanent colours

1. Mix your colour with your developer.
2. Add 1ml of ReBond V3 for every 10g of colour (not including the amount of developer).
3. Apply and develop as usual.
4. Rinse hair, shampoo and apply Balance Plus V3 (or Balance Plus PLATINUM if toning). Comb through and leave for 10 minutes before rinsing.
5. Finish with Elixir V3 and styling products.

with non-oxidising semi-permanent colour & toners

1. Add 1 ml of ReBond V3 for every 10 g of colour.
2. Apply and develop as usual.
3. Rinse hair and apply Balance Plus V3 (or Balance Plus PLATINUM if toning). Comb through and leave for 10 minutes before rinsing.
4. Finish as required with Elixir V3 and styling products.

No colour,
No problem!

For Stand-Alone

1. Cleanse twice with PURIFY. Rinse and gently towel dry.
2. Apply 4-10 pumps of Foam V3, massage through hair, cover with a cap and leave for 10 minutes.
3. Without rinsing, apply Balance Plus V3 (or Balance Plus PLATINUM if toning). Comb through and leave for 10 minutes.
4. Rinse and style with Elixir V3 and styling products.

with perms

1. Shampoo twice with PURIFY.
2. Towel dry gently.
3. Apply 4-10 pumps of Foam V3, massage through hair and leave for 10 minutes. Cover with a cap.
4. Rinse and perm, following the manufacturer's instructions.
5. Neutralise, following the manufacturer's instructions.
6. Repeat stage 3, applying 4-10 pumps of Foam V3 onto towel-dried hair. Massage through, cover with a cap and leave for 10 minutes.
7. Without rinsing, apply Balance Plus V3 (or Balance Plus PLATINUM if toning). Comb through and leave for 10 minutes.
8. Rinse and style with Elixir V3 and styling products.

with relaxers

1. Add 3 ml of ReBond V3 per 100 ml of ready mixed relaxer.
2. Apply and develop the relaxer according to the manufacturer's instructions.
3. Rinse hair, shampoo and apply Balance Plus V3 (or Balance Plus PLATINUM if toning). Comb through and leave for 10 minutes before rinsing.
4. Finish with Elixir V3 and styling products.

with KeraStraight

1. Cleanse twice with KeraStraight Pre-Treatment Cleanser. If required, leave on for 5 minutes and cover with a cap. Rinse and gently towel dry.
2. Apply 4-10 pumps of Foam V3, massage through hair, cover with a cap and leave for 10 minutes.
3. Rinse.
4. Gently towel dry, apply KeraStraight Pre-Treatment Spray Plus and KeraStraight as usual.

with other keratin services

1. Cleanse twice with the manufacturer's recommended clarifying shampoo, following their guidelines. Rinse and gently towel dry.
2. Apply 4-10 pumps of Foam V3, massage through hair, cover with a cap and leave for 10 minutes.
3. Rinse.
4. Continue the keratin service, following the manufacturer's guidelines.
